*Note that for the neighborhoods defined as the Golden Triangle and Bluff the numbers here represent the current census reported data that is uncorrected for an error made in the geographic location of the Allegheny County Jail. The census included the jails population in its former location (Golden Triangle) but its new location is actually in Bluff. Corrected data from the census will shift the county's jail population from the Golden Triangle to Bluff and will shift the institutionalized population accordingly.

*Note that for the neighborhoods defined as the Golden Triangle and Bluff the numbers here represent the current census reported data that is uncorrected for an error made in the geographic location of the Allegheny County Jail. The census included the jails population in its former location (Golden Triangle) but its new location is actually in Bluff. Corrected data from the census will shift the county's jail population from the Golden Triangle to Bluff and will shift the institutionalized population accordingly.

*Note that for the neighborhoods defined as the Golden Triangle and Bluff the numbers here represent the current census reported data that is uncorrected for an error made in the geographic location of the Allegheny County Jail. The census included the jails population in its former location (Golden Triangle) but its new location is actually in Bluff. Corrected data from the census will shift the county's jail population from the Golden Triangle to Bluff and will shift the institutionalized population accordingly.

*Note that for the neighborhoods defined as the Golden Triangle and Bluff the numbers here represent the current census reported data that is uncorrected for an error made in the geographic location of the Allegheny County Jail. The census included the jails population in its former location (Golden Triangle) but its new location is actually in Bluff. Corrected data from the census will shift the county's jail population from the Golden Triangle to Bluff and will shift the institutionalized population accordingly.

45	Lower Lawrenceville	196	90	Ridgemont	2

*Note that for the neighborhoods defined as the Golden Triangle and Bluff the numbers here represent the current census reported data that is uncorrected for an error made in the geographic location of the Allegheny County Jail. The census included the jails population in its former location (Golden Triangle) but its new location is actually in Bluff. Corrected data from the census will shift the county's jail population from the Golden Triangle to Bluff and will shift the institutionalized population accordingly.
